**MES 100**

**Product Information Statement for LEED® New Construction (NC) Version 3.0**

**Credit Documentation**

MES 100 is a multi-component water-based moisture vapor emission and alkalinity control coating for interior use on concrete slabs receiving moisture sensitive floor finishes.

Floor Seal Technology, Inc. (FST) certifies the following information for MES 100:

**VOC Content**

MES 100 contains 96 g/L of VOC (Volatile Organic Compound) when calculated according to SCAQMD Rule #1113.

**Recycled Content**

MES 100 contains no recycled content.

**Rapidly Renewable Materials**

MES 100 contains no rapidly renewable materials.

**Regional Materials**

MES 100 is manufactured in Hayward, CA. However, its raw materials are harvested from various sources throughout the Eastern USA and Southern Europe and as such point source information cannot be determined.

Based upon the above information, FST certifies that MES 100 could contribute to the following LEED NC Credits:

**IEQ Credit 4.2:** Low-Emitting Materials – Paints and Coatings

Respectfully,

LEED Administrator
